By Mark Keller You do not need to download the Family Feud video game to have a great time playing. With the use of Flash technology, you can play the popular quiz TV game right in the web browser. Go to a website that has Family Feud available in Flash, such as GamePools.com and Games.com. Some sites may ask you to access so you can get your name in the board if you win, but others allow you to play immediately. Click on the page with the game Family Feud and wait for Flash to upload the game data. Once the game has been loaded, press the "Start" button. You will be taken to the first round of the game, where you have to guess how many answers to a single question possible in 20 seconds. Questions are generally trivial or related to opinion, and answers are most often given when 100 people are placed. Type the answer and press "Submit" or the Enter key on the keyboard. Once you guess three times wrong, or get all the right answers, the score will be high and you will be taken to the next round. The second round is the same format but with a different question, perhaps more difficult. Questions go from things like: "What do people do when they shoot?" "What is a good gift for a pirate?" When the round is over, your two scores will be added together. The third and fourth rounds are played the same, but the scores in the third round are doubled, and those in the fourth round are tripled. The last round of the game is called "Big Money". Instead of multiple answers to a question, you will be asked five questions over a minute. You will then ask the same questions a second time, but you have to give different answers. Your score is based on how many people responded the same way for every question like you. For example, if the answer to a question is "Baseball", and 60 people answered "Baseball", they earned 60 points. If you get 200 points or more, you will have 20,000 bonus points and win. The Kardashian family can't help getting mixed in drama at times. In their show, Keeping Up with the Kardashians, the plot lines are often about pets or children or Kris Jenner hire a scribe, but sometimes you can get a glimpse into some Kardashian family feuds. And with this crew it could be a feud with another celeb or even a struggle between family members. Everyone knows about some of the most classic feuds of the Kardashian/Jenner family. Who could ever forget the drama between Kim Kardashian/Kanye West and Taylor Swift. Or that Kylie Jenner had some meat with Blac Chyna (before he dated Rob Kardashian... and apparently after Chyna and Rob broke up? And, at the moment, Kris Jenner and Caitlyn Jenner are a bit in a feud after Caitlyn published his book The Secrets of My Life, which chronicled some of the conjugal troubles of couples. But there areFeudi Kardashian / Jenner who have been forgotten by the masses, both because in the end they have been solved or because the feides have been A short blip on the radar of pop culture. Regardless of what, these disagreements were still dramatic. Here is a list of six of Kardashian's most crazy faids you may have forgotten about.1. Kim Kardashian vs. Bette MidlerCome Weird was that the Reality Superstar Kim Kardashian was fake with Broadway Legend Bette Midler in March 2016? This feuda has begun when Kim has published a naked selfie. Midler tried to joke and said that Kim should have "swallow the camera" if you wanted fans to "see a part of her we've never seen". She was rather rude and apparently hasn't been pushed from anything that Kim did personally. The reality star hit in Midler with "I didn't really want to take himself as you sent me a gift a little again to be a fake friend, then come to me #dejavu". There was no clear resolution for this feud, since the two continued to exchange insults on social media, with the sympathies of P! NK, Miley Cyrus, Amber Rose, Chloë Å «Grace Moretz, and Kylie Jenner all involved in the problem. 2. khloë Å © Kardashian vs. Chloë Å «Grace Moretzis Feud, which was a stretch of Kimye vs. Taylor Swift Debacle, has become rather bad. In July 2016, Chloë Å «Grace Moretz commented Kim after the reality star recorded SWIFT snapchat's apparently accepting to be mentioned on the song of the West" Famous ". (This was also months after Moretz chimed on Kim behind his naked selfie and received enough response from the star of reality.) Moretz Tweeted: "Everyone in this sector need to take their heads from a hole and Look around to realize what is actually happening in the real world. "And in response, Khloë has tweeted an image of a woman with the bottom of the bikini pushed to the side, exposing the sitting. You have tweeted the image from the deleted you intend to be Moretz, but in reality it was someone who looked like her. The young actor replied: "Verification made: First Photo Ini Filming My Movie Needs 2, the second photo is a girl who has been mistakenly photographed." In response, Khloë Å Tweeted: 3. Kendall Jenner vs TALLIA StormDimitrios Kambouris / Getty Images Entertainment / Getty Measurement is not like Kendall Jenner to enter Tiffs with other celebrities. However, the model found themselves in the middle of a fiefdom with the singer talia storm in August 2016. The singer said that Kendall tried to make her "throw out the VIP area @nextradioApp Party!" This type of fiefdom came out of nothing. And just as quickly as it started, it was over. Kendall has published an instagram of a screenshot from bad girls, apparently in response to the lighting of the storm because it was published the same day when the singer tweeted the alleged experience. Kendall subtitled the photo of her "practically" and says it practically all.4. Kim Kardashian vs. Rob Kardashian may have deleted his Instagram post from March 2015 in which he called Kim "the b* tch from the girl gone", but the Internet never forgets. These brothers were found fighting each other on more than one occasion (as brothers do). This discovery by Rob was Even if in a bad mood. According to Kim, her brother posted the photo because she "got mad at him and he posted it to get me back".According to her tweet, she didn't seem to care about the photo. 5. Kendall Jenner & Kylie Jenner vs. Selena GomezOnce upon a time in Hollywood, Kendall and Kylie Jenner were friends with Selena Gomez during one of their outings at Coachella (pictured above). But after the Disney treasure would unveil the stars of reality, there were speculations as to what might be the cause. According to the Huffington Post, at the beginning of 2014, Gomez was not following the Jenners (although it has not been confirmed whether he had originally followed them). He also deleted the photos he posted with the two in particular, even though his account was still active at the time. What could have caused this turnaround? They said it had something to do with Justin Bieber. Kylie and Kendall were said to have had an affair with Gomez's ex. Rumors linked Kylie and the singer of "Sorry" together in 2014, and in 2015, Kendall and Bieber would have found each other, leaving Gomez feeling "betrayed", according to Hollywood Life. Although it's much more likely none of the rumors were true, Jenners' sister Khloë Å confirmed on a January 2016 episode of Watch What Happens Live that none of her sisters had ever had sex with Bieber. It's possible that Gomez herself was involved in some of these rumors, which could have led her to delete the photos with the Jenners, or maybe it was something completely different. Anyway, there doesn't seem to be any had blood between you and the two sisters at the moment. The singer considered Kendall as one of her friends in a 2016 interview with Capital FM radio (and also let it slip that her model friend was dating someone). 6. Kylie Jenner vs. Amanda StenbergThis feud started when Kylie posted a photo of herself braid sportswoman in the Instagram selfie above. Someone who wasn't in the picture? Actor Amanda Stenberg. According to Us Weekly, he commented on the photo of younger Jenner with: "@novemberskyys when u appropriate characteristics and black culture but do not use our position of power to help black Americans by turning attention to our wigs instead of police brutality or racism #whitegirlsdoitbetter. Kylie replied: "@amandlastenberg Mad if I don't do it, Mad if I do it". Go hang w Jaden or something" because Stenberg went to prom with Kylie's friend, Jaden Smith.Neither of them continued the feud after that.These feuds may not be on the same level as the feud between Taylor Swift and Kim Kardashian, for example, but all these feuds show that the family has had a lot of fights, with each other and with others. It is difficult to believe that there are several generations raised by watching Family Feud, Feud, in his original ABC days, or syndication. Now it's a tightly traded program with Steve Harvey as a conductor. He is still at the heels of the original and most iconic guest, Richard Dawson. Forty-four years have passed since the show debuted with Dawson on ABC, including a simultaneous syndicated version. If you consider Dawson the ultimate star, it is worth reiterating that the show has seen five more conductors in the previous years at the beginning of Harvey. Nowadays, many consider Harvey the second best presenter in the history of the game. The number of years he has hosted will probably surprise you. Also, he's about to beat Dawson's record as a guest. It's been ten years since Steve Harvey started presenting "Family Feud" Steve Harvey (Paras Griffin/Getty Images Those who manage to remember only a decade at a time could remember when Harvey started as a Family Feud presenter after John Oâ Hurley resigned. The latter had hosted the show from 2006 to 2010, after a series of unusual guests in previous years. At the time of Harvey's power, the comedian was known primarily for his sitcoms and his standup comedy tours. No one knew he would become one of the most respected and ubiquitous TV conductors of the next decade. Not many skepticals thought Harvey would ever get over Dawson's comic spirit. Although Dawson's famous kisses didn't want to do so in today's time, he led the show from 1976 to 1985, then for a short time in 1994. In total, it's been a decade, which currently corresponds to Harvey's race. It is clearly compared to many of the other previous hosts who were much less popular. A quick look at the previous "Family Feud" since the 1980s Dawson's immediate successor was comedian Ray Combs. This comic has had the unfortunate turn of having to follow Dawson three years after the release of the latter. Although he continued the show for another seven years, not everyone thought Combs was the perfect host. All the fun and games didn't give Combs the reality to fight with depression. He committed suicide two years after his "Family Feud" race ended in 1994, and according to some of his dismissal had precipitated his mental decline. This tragedy didn't stop the show from reliving. In 1999 he was rebooted with Louie Anderson as a guest. Everyone knows Anderson as a great comedian, but not everyone loved him as the Family Feud. Richard Karn, John Oâ Hurley and Al Roker followed in the early 2000s, opening the road to Harvey. Now everything is reduced to what Harvey wants to stay in this iconic game. Based on its continuous popularity in reacting to absurd situations, it might take another decade. «Family Feud» works when the guest reacts to the hilarious responses to the survey Here is the story of how I haveThe concert Å «Family Feud.â The truth is that I say exactly what you are thinking at home. If someone gives a crazy answer, I call you crazy! Crazy! Steve Harvey (@IAMSteveHarvey) March 15, 2020 With time passing, competitors who guess the answers to the poll questions seem to become more and more fun. Usually this happens when celebrity teams are playing, although it also occurs with regular competitors. Thanks to Harvey being the best reactor in the world (from here many memes on social media), he was born for this role of host. More classic moments have already happened in Family Feud's Harvey era that Dawson even had. How long Harvey will want to stay will depend on the mood of the audience. Since it's been seen everywhere in the last five years, public burnout is always a risk. Also, with Harvey's talk show canceled last year, it doesn't mean he's not vulnerable to his duties. You can still argue that your Family Feud period is the best thing you're doing now to show your affability and your comical skills, all within 30 minutes. minutes.
