Do bape sizes run small

Just got the boa by bathing ape tshirt from end sale, surprised it's still in stock those shirts usually sell fast Bape pop up sale was so weak Hey guys, where can I find bape beach shorts? I'm guessing third party sites like grailed but is there anywhere else? Also, I'm around 32 waist. Does Bape run small? Should I stick to my normal m/L? Thanks fellas undefeated I was on eBay the other day and saw a seller that had a bunch of shirts that were described as "Factory sample product with defect" and good prices seller had 267 feedback with 99% lol ^^ good luck with that haha How do the camo shark shorts run in sizing? I'm a 32 waist I think someone said it would be safe to size up. I'm a 32 waist too and usually like a M in shorts. Dunno how Bape shorts run tho beside my Bape x Puma ones that I got in a M and those run above the knee by like 3 inches lmao I think someone said it would be safe to size up. I'm a 32 waist too and usually like a M in shorts. Dunno how Bape shorts run tho beside my Bape x Puma ones that I got in a M and those run above the knee by like 3 inches Imao go a size up for sure Has anyone ever ordered from Pondon and just the PayPal receipt email? Yes. Sometimes its delayed and you should receive it soon. Apron didn't release this weekend? Hey guys I had a question about the bape collar with undefeated. The camo shorts and black ones their size xxl would fit up to what waist 38, 40 like most other shark sweat shorts or smaller? I'm asking because some guy is selling them in xxl and says that is about 36 inch waist but other shark shorts which are size xl like for instance on pondon site are listed as 38.5 or higher. Can someone tell me how Bape releases work at the NY store? Do people line up 1-2 hours before a drop? I'm trying to get the Minion collab this Saturday and want to know how early to get there. I want to buy a shirt in 2 sizes, and I heard it's one item per style but you can go through the line again. If you're a common size like medium or large you should be able to get it doing exactly what you said. I generally show up at 4-5pm Saturday and can still get something decent. Only thing that's gone real quick would be shark shorts and hoodies usually Got these to go with the Black Friday yeezys I've got a question on T shirt sizing as I am looking to cop a few shirts but not sure if I need a L or XL. Most Shirts Nike or otherwise I get a L and they fit good unless they shrink to much. I've been told to size up to a XL as I don't need it super form fitting but would like to get some other opinions before pulling the expensive trigger Page 2 Yea probably an xl would be good for you Thank you sir. Will report back once in hand. The minions collection dropping a lot tomorrow USA is getting some camo shark shorts today too Anyone there already? I was going to go but I just woke up. Don't know if it's worth driving 2 hours for a shirt I might not be able to get. Edit The shirt I wanted was actually sold on the bape.com website so I was able to cop off there. In 2 sizes too. Last edited: Jul 22, 2017 Ima stop by later, they'll have something left over For today Palette town got this for 115 plus ship, don't know if I should cop now or wait it out for pondon to restock Also copped these today Nice pick ups bro. I tried to get them off Pondon, but I was a bit late and all gone. Didn't even know they went up on pondon crazy....... Also copped these today I got the shirt of the left has all the minions? Didn't even know they went up on pondon crazy....... went up on pondon crazy......: I dont think they got the entire collection. I only saw a few of the shirt on the right in white too. There's nothing on the back of the shirt of the left has all the minions? I will check and let you know I dont think they got the entire collection. I only saw a few of the tees. Either sold out or not in my size. Yea I peeped, you had to search it, didn't show up in the home page or anything. They got everything? Wow haha. I wanted to get that Minions painting the ape head tee You copped at the Bape NY store? That was my favorite one and they had a black xl on the shelf when I got there but wanted blue 2x. I copped at bapeny and they didn't have that much left For LA cats I'm about to be in there like swimwear whenever I go down to visit US retail on t shirts ain't that bad but on other items it's usually a deal breaker Dunno but if possible I might go check out the grand opening if it falls on a weekend lol I'll be there! These t's been killing me Ima have to wear them 24/7 Thanks man, wanted the gold but all they had was the silver, couldn't complain and yea the shorts are pricey but I copped the orange red joints, wasn't feeling em and flipped them and made some change off them. Also copped a bape alien hoodie, will put up pics when it comes in What site did you catch the alien hoody on? They restocked on a couple sites but I had no luck. Bape us has the Milo shark plus dolls in store Shipping from Pondon like whoa. \$26 bucks to ship a shirt, but they are the only ones that have it in my size and color. Any idea how long it might take to get to the east coast once ordered? Around a week maybe less, even with that shipping cost still beats resell and sometimes even us retail True before shipping its only like a \$10.00 markup. I can live with that just was glad I was sitting down when I saw the shipping. Usually only like \$15.00 to ship some ts from the U.K. Here. Trying to convince the wife I need to add a few more to the cart to justify the shipping price, really looking at getting the big ape head hologram shirt I think they actually charge per item so the price would go up the more you add It looks like they give a price break shipping showing \$33 with 2 shirts might press my luck and get a minion shirt and be done. Been an expensive week as we have been at Disney all week and both boys got a few new pairs of shoes etc, but might as well keep the good time going. Wish they had the Alien stuff but as usual I'm way late to the party. Yea the alien stuff is fuego, I got a few pieces from there, need to put pics up off that hoodie I just got in. Can't go wrong with bape shirts. These also but they run wow small, this xl is almost like a size 30 lol First post in here. Only my second Bape tee but a must have for obvious reasons. Love it! It'll ship.. they seem to be having some trouble getting shipment confirmation e-mails out and etc. but it'll come My buddy ordered something not too long ago and never got a shipping e-mail but it came in like 8 days lol... Was one time that I ordered and it took them 10 days to ship as well. Yeah Bape US Customer Service is trash lol They don't answer diddley It'll ship.. they seem to be having some trouble getting shipment confirmation e-mail but it came in like 8 days lol... Was one time that I ordered and it took them 10 days to ship as well. No, I'm sure it'll ship. I just want to know when to expect it, hence why I wanted the tracking info from them. My area has alot of package thefts, and I don't trust DHL knocking on my door. Most of the time they're just lazy. Pondon is weird Sometimes 7-10 days.. my buddy never got shipping and got his stuff lol. Someone in this thread had a Shak that got shipped to the wrong place lol and it drops to \$168 and it makes all the difference DHL dude just dropped this off. Mad pondon restocked the black colorway right when I bought the olive half zip hoodie off Pondon. Will take pics when it gets in. Starting to get cold in socal so bought the olive half zip hoodie off Pondon. Will take pics when it gets in. Nice. Its hoodie/jacket season here in the Pacific northwest. I wonder what that #bangingonmychest dude will feel about this collab LOL as he is anti supreme. Well Mr. Bangin On my Chest is currently locked up so he won't be able to do nothing, but punch pikaaachuu i need. I was saving money when they restocked and now I regret passing. dat pikaaachuu i need. I was saving money when they restocked and now I regret passing. For certainpieces if you have the bread you gotta cop at that moment cuz you might not see it again. They were on palette for days and I passed, had one more opportunity to cop off pondom and I took it How are you guys washing your shirts. I washed my hologram shirt inside out and was going to let it air dry and when I pulled it out of the washer some of the foil had rubbed off and was creased bad. Never had one of the foil type shirts so maybe this is the norm or I just F'd it up How are you guys washing your shirts. I limited edition Bape head with a scarface mark. I
probably won't be getting any more of the foils. I'm cautious about the gitd ones now as well Dirtrace stuff this weekend is dope Page 14 I haven't been on this thread as much recently (been focusing on Supreme), but I'm ALL IN if they do anything for Halloween. Bape seems to be one of the only one of the one of the only one of the only one of the one of th hyped companies that regularly does stuff for Halloween so hopefully they come through this year. Bape dropping that fire this weekend I'm willing to pay us retail on that hoodie but want it at \$300 or three and change us.bapepirate.com Looks like US has their own pirate site now. Some of the shirts and hats don't tell you what size it is haha. Not much left in the sizes i want Yea I wanted too long to cop and it sold out They got a decent amount of stuff. Ended up just buying the jacquard towel and the milo New Years bag. I have no idea what's inside but for \$103 I couldn't pass it up. The \$20 shipping always kills it for me. Like I'm willing to blow a bunch \$ on their sites in the sizes i want Yea I wanted too long to cop and it sold out They got a decent amount of stuff. Yea word that shipping be ruining it lol. A lot of dope stuff but mostly either in medium or large Might buy some stuff but don't wanna spend too much on bape pirate considering all the heat dropping this weekend Shipping makes them basically for retail price. Shipping makes them basically for retail price. Shipping per item? So if you cop four things it's like \$80?? In that case I'll just buy something this weekend. Either crazy camo hoodie or red dirtrace hoodie They charging shipping per item? So if you cop four things it's like \$80?? In that case I'll just buy something this weekend. Either crazy camo hoodie or red dirtrace hoodie It's a flat price. Mine was \$20 for 2 items. I had some other stuff in my cart I ended up removing and it was still the same amount. But yeah if you're only buying 1single item like a shirt it's basically pointless. I'll look on there again, I would have to cop two items minimum to make it worth it, and with all the bape fire dropping this weekend don't wanna spend at the moment Got my half zip today Looks really nice, should have ordered the black off pondon I'm digging the goretex snowboard jacket but it doesn't get anywhere near cold enough here to wear it. Payday tomorrow probably going to get that Bape Beer shirt on Pondon and be done for the month. Need to sleep late to avoid the drop on Saturday lot of good looking stuff That half zip too sick. I'm telling you if any site had xxls I would've copped all of em Looks really nice, should have ordered the black off pondon I saw that they had restocked on the black one but didn't have my size so I went to the next page and luckily the olive was sitting there and in my size. Had to swoop asap! Piece is so fire in navy tiger hoodie. I'll take it, try and catch the crazy camo off pondon bmx bike Nice shirt Copped this today is 27 too old to be rocking bape always wanted something bape No age limit. As long as you are comfortable wearing them, then who cares. Any word on if this Betty boop collab is gonna be men's sizing? I think women's only, shame cuz it's fuego Bape sunglasses at Pacsun. \$365 retail. Im gucci. I wonder if that means Pac Sun is about to start carrying clothing lol Would be something else if they did hahaha Time to invest in a Bape hoodie now that the weather is changing. Got three of them joints and one coming in from Japan, the navy blue tiger one that just dropped, can't go wrong. Waiting on Pondon to drop the crazy camo and I'll be set for now Page 16 Need those Pokémon shirts to restock again I ordered a pair of chinos from the pirate store they canceled the order because I entered my school shipping address by accident and now it looks like the pirate store is closed for now so I can't reorder smh Damn pondon kinda OD'd I really want bape eyeglasses sucks they're so expensive. anywhere i can get them under retail? I did but there only seems to be like one dude doing LCs there. I figured I'd toss it on here for good measure Yea that dude checks everything for the most part, that's where I go to get my legit checks from, takes a day or so to get a response Fuego Definitely is actually, and checked bape Japan, retail is 128000 yen, around \$1140 before fees and shipping from Japan That leather probably dead for me, fuego but I ain't dropping that much, a little bit out of my price range Definitely is actually, and checked bape Japan, retail is 128000 yen, around \$1140 before fees and shipping from Japan That leather probably dead for me, fuego but I ain't dropping that much, a little bit out of my price range 1K is way too much for any type of clothing imo. I mean don't get me wrong it is a leather but still, I haven't been making that much bread these past few weeks to splurge like that Anyone in Japan going to shibuya for the 10th anniversary drop?? Got this in Anyone's going for the abc decks take up a lot of space so Ima probably pass, if I would go for one I'd cop the pink Got this in Page 17 I don't post women's items. Last edited: Oct 7, 2017 yall going for the deck tomorrow morning? No decks appeared for me at 11 EST I can't wait to see the boards in person Did you actually cop? From what I've seen there is no one, manual or bot-users, who said they had an actual chance to buy them. Bot users the site when they dropped. I purchased the blue and the green I just saw the stock numbers... Stock: Green - 16 Pink - 3 Blue - 7 One kid on twitter got 2 of the 3 pink decks somehow. LOL Oh well more money for the Supreme Scarface release this week! What a missed opportunity this was by Bape to build their brand. ^1 would take Surpreme Scarface any day over this bape camo trash. Supreme scarface is a problem whew caught that restock, green decks few mins ago, any 1 else cop? Camo board up on Pondon... but at \$448 no thanks That price is still less than I've seen almost anywhere (even with the sky high shipping). I would cop if I didn't already grab it from elsewhere. pikachu tee restocked and i missed out Part 2 Bape x Undefeated always going to make me pay attention. Starting with the decks,
it looks like Bape is dropping some heat this holiday season. Sold my kaws and copped this, 5 bills for a hoodie Wylin though. Also need that red and pink split hoodie and The green and jellow. My money tight and I'm buggin you wild. You know you got that long money man Not really feeling the clothing in this drop. Might need that zippo tho. Wish we had some cold weather so I could justify hoodies and pants. Only gets cold around 3 weeks a year here. Kim Fatty the Third said: Yea they dope, but too loud for me. Hoping the weather cools down soon so I can rock some hoodies. I like the loud sometimes, got the crazy coming in and the red pink would be a nice addition to the collection, missed it last time Nice kicks and they dropped the shirts today Thanks! I've been getting back into Bape here lately. Guessed I missed out on the shirts if they dropped today. Thanks! I've been getting back into Bape here lately. Guessed I missed out on the shirts if they dropped today. Yup, went in store this evening and they ain't have xxl in any of em Page 19 Bape x undefeated part 2. Straight heat Liked last year's collab more (but that was one of my faves all time). The all camo down jacket and camo shirt in this drop are pretty sweet. Guess we will see how insane it is to get these. I fell like the resell market is another level these days so it's unpredictable what will even be available for more than .00001 second. In for a tee. I like the tees from this drop better than the last drop. Bomber jacket pretty nice too. Are those cargo pants or sweats with pockets? Are those cargo pants or sweats with pockets? Sweats with pockets as there is a cuff on the bottom. On another note, Stock x will be carrying bape for sale soon just like they have supreme now. Bape going to make me broke by the end of this year. Bape x undftd Bape x champion This desert camo full zip why must bape drop fire when im broke smh Sweats with pockets as there is a cuff on the bottom. On another note, Stock x will be carrying bape for sale soon just like that but rare pieces will be attainable. Ima put the pokemon shirt up for the 5 bills on there Hope it's not a M or an well That's crazy that they're popping up. I thought they were all done. I might be able to a Pikachu down the line. Yea as it was only japan exclusive. I been monitoring the site everyday and hoping for a restock. Dream came true today lol. Need the others to restock as well. I'm proud of this piece, had to try it on real quick Straight flames. Would've copped if I didn't cop the patchwork preme hoody off stock x. I had that too but sold it for no reason Still got those patchwork pants. Bape is dropping so much heat its gonna be very very and the undefeated collab. Money is ready. Yea the hoodie is better but the pants are cool too. I can live without the champion collab but the undftd one is dope. Need that shibuya hoodie but \$800+ and only size large or x-large preferably. Page 20 Medium Pickachu t-shirt available on Pondon for \$178...... ugh.... I still need a large or x-large preferably. Copped a large yesterday. This morning they restocked the L and looks like it sold out. Only Medium left. Still waiting for the others to restock. The maxfields stuff is probably the hardest thing bape done in 6 years. Pikachu tee from pondon restock extended into damn near November though might just be for some pics this season lol Also copped these, fortunately they fit That's a lot bro, I saw a 1st gen thermal shark for \$740 in a XL the other day.. and this is \$600 this is crazy This just dropped only in shibuya, haven't seen an xl or xxl. Large on eBay is \$850 and up That's a shame because if I was still in shibuya I'm sure this hoodie is on the rack. Nothing sells over there.. they had wild sharks.. Word? The line looked day? I neeeeeeeeed that xxl for the body but \$900 plus ship is kinda past my limit And someone copped the xxl I have enough bape and I'll live but damn, had me contemplating dropping a rack on that mfer. Page 21 Need to figure a reason to buy this I don't even play dice but id cop, cards would've been fuego Gonna get em and lay em out on my desk If they do some cards Ima buy 2 decks, one to keep Ds and one to take people's money with in poker. Two bape generals pocket kings They should do cards ASAP yo lol And some nice ones too on thin plastic lol I'm buying two decks off pondon deadass hosting poker night for niketalk members buy in \$1000 so I can cop that shibuya hoodie At least I got something shibuya, not even my size Today Copped this today For today Thanks, it's actually the stole they dropped Saturday but I freaked it like a bandana. Got this in today ENDCLOTHING does not sell bape anymore.. Guess Bape took away the account from them for selling online: Yea just noticed it like the other day ENDCLOTHING does not sell bape anymore.. Guess Bape took away the account from them for selling online: That stinks. Bape is already annoying as hell to purchase with the unreliable Japanese proxies and lack of availability. Some guy sold me this as new aw hell naw Was cleaning my closet and found this 2009 bape x hanshin tiger collab Hell yea no messages no questions straight up opened a return request on his ***. And yo that tiger shirt is fire, what size? Page 22 Fire but don't wanna drop \$350 right now. If they were the pink camo would've been copped with no questions asked hate how the shorts cost so much more than shirts Ok got you, and the seller accepted the return quickly and provided the label, son knew what he was doing Nice you getting your money back. Wouldn't even kept if they gave discount either. Nice you getting your money back. Wouldn't even kept if they gave discount either. Yea for \$20 I don't even know if I'd keep it lol. Yea the guy messaged me saying he bought it and sold it without even looking at it, semi believable but he accepted the return so that's all that matters, I'll ship it back today I regret not copping when someone offered to sell for \$500 smh.... now its damn near \$2k.. Yea they shot up like crazy, I sold a few of the other colors for the low, even those are around a rack now. If I touch any these next few weeks they shot up like crazy, I sold a few of the other colors for the low, even those are around a rack now. If I touch any these next few weeks they are going in the stash. Will wear my size but the extras will sit **** that Forreal. Can't say NO to crazy offer prices. Yea getting them gonna be even harder then they already wore and it was never easy to get a human race DBZ Might be Japan only based on that description though Not hesitating when any of that hits Pondon Page 23 Bruh I want a bandana!! lol i might try to proxy one lol. think itll be close to like \$50 shipped or something not terrible I'll see how it goes tho and my math might be wrong Im gonna try to use FromJapan.. going to be my first time lol They're dropping on US Bape too Yea I'm trying to get both bandanas and the mask from Japan, I'll cop some pants to make the shipping balance out Just submitted an order for two bandanas a mask and some pants to make the shipping balance out Just submitted an order for two bandanas and the mask from Japan, I'll cop some pants with a proxy, hope it goes through. Was gonna get the velour hoodie but have enough of em for now. If that shibuya restock Ima have to drop that \$9 anyways I'll see how it goes tho and my math might be wrong Im gonna try to use FromJapan. going to be my first time on the champion drop. If you follow guide
you'll be alright. Buying from japan definetely the move from now. But these frail boy sizes kinda messed me up but now I know I k to size up. This piece is my favorite that I copped. Just tried fromjapan for the first time on the champion drop. If you follow guide you'll be alright. Buying from japan definetely the move from now. But these frail boy sizes kinda messed me up but now I know to size up. This piece is my favorite that I copped. Yea gotta size up, if you're usually a medium you need a large in bape. From Japan you have to wait for the invoice tho huh Hope it doesn't sell it by then Shark season did you use From J for your proxy? trying to figure it out rn lol and how much was shipping? Nah I use remambo, shipping is around \$40 okay i think ima place a quote on both sites and see which one i wanna use just that I copped. Just wanted to acknowledge how amazing of a piece this is lol what is it? might look into copping lmao Bandana is like \$60 shipped not bad.. but i have to redo my order request haha changed my mind and want the yellow one now and not green ^Think that's the latest Bape x Champion hoodie. Yea it's the champion polartec zip up. Think the delayed the release in the states for a couple pieces. It sold out but I grabbed a size small on a restock which is super ****** sized. Might throw it to my girl to stunt the item then send me a shipping charge to US right? They email you once it reaches their warehouse and then you compile a parcel and decide how you want it shipped etc and they give you the shipping bill a day or so later Ahh sweet. Think EMS is probably around \$20 shipping to me for the one bandana. From Japan ain't let me use my PayPal credit Depends how they pack it, I usually pay \$40-50 but order more then a bandana After Halloween Kinda wish they did another DBZ collab tht isnt baby milo characters lol funny how their leaking out early vageta is tempting Curious to see how much pieces yall usually scoop up when copping from japan? Do yall cop just enough to avoid customs or try to save on shipping fitting as much in one order? I've always only ordered one item lol But this was via pondon vageta is tempting Curious to see how much pieces yall usually scoop up when copping from japan? Do yall cop just enough to avoid customs or try to save on shipping fitting as much in one order? I order multiples at a time but haven't gone over \$800 yet, plus if you use a forwarding service you can put the value on the items for customs fromjapan helped me with the gifting/value. I didnt get hit with the customs. Feel like I paid a lot for shipping @ 130 but I wasnt sure what option to choose and the other cheaper option was super slow. I went in with my order I had 8 items in it. Only 2 of them fit me though them mediums is schmediums mane smh You got that big time bape shipment nice. And yea you gotta size up in bape. Been eating good since September, can't really fit good in my bape stuff right now Figured the high risk high reward the way to go. I know some small foos want some bape out here. Even on the hoodies? I want to cop a full zip soon. Ay holidays coming up to tho can't blame ya Yea you can sell that stuff and make a few bucks if you want to. Bape gonna take all my money this holiday season I can feel it, the half red camo stuff this week is fuego thats whatsup thats gonna be a dope drop I think it will be Japan only again but this time it will hit bape Japan stores not the pop ups. The China 7th anniversary stuff is fuego, I'll post pics up we get dbz here Dbz, China 7th, tiger shark, Color camo. Pretty insane end to the year, and might have more stuff yet to come! What with some hot sneakers dropping soon as well from Adidas etc. Bape is going to suck your wallet dry for real Alp. Lol Yea man all these companies going super hard body this holiday season it's nuts Gotta spend wisely This weekend is going to be nuts on my bank account rip lol.... Mainly waiting for bogo hoodie and tnf jacket for supreme and dbz collab and undefeated bape and I should be good. Belugas end of this month.. then right after Bogos lol.. Plus Bape always dropping goods I can't afford it yo Page 25 The shark backpack is tough. Doubt there's any chance in bape for similar fit? size up? Selfridges came through. So fire Mine came too Shirt is super tight. Super thankful to @gojira702 for giving me the heads up Things work out, got these for \$70 each plus ship, don't like white as much but better then that pit stain shirt that mother***er sold me earlier Lmao. Bruh should have used clear deodorant if he was gonna try to pass that ish off Things work out, got these for \$70 each plus ship, don't like white as much but better then that pit stain shirt that ********er sold me earlier So your the person who bought the XL? LOL I was looking at it yesterday as a christmas gift for my best friend might have to snag the medium for myself So your the person release will distract people from this collab. Getting the whole collection. NT FAM holla a tee me, have dust bags for all. All Large, except stussy 30th is medium. Open to trades as well, have about 200 more tees just message me. post all 200 jk Fuego wish it was xxl or at least xl Swag lol I'll be keeping an eye out Page 26 What era? Didn't earlier 2000 joints run closer to normal US sizing? Honestly these larges are pretty wide.. I'll send u pics of a tee opened out if you want anything I've been spending like a maniac these past few weeks but I'll let you know Last few days Damn dawg you killing it lol Damn dawg you killing it lol Trying to be fly. Was difficult to work the line for human races vesterday in chiraq though cuz I was sticking out OD What era? Didn't earlier 2000 joints run closer to normal US sizing? This is like 2007,2008,2009,2010 anything I would off would be from 2005 - present anything before that is personal collection Only copped the camo tee from Undefeated x Bape collab on this drop. Honestly the retail was even more stupid expensive than usual and I toss the tee I bought in that statement as well. Makes sense why it is hours later and there is still stuff sitting. That said, happy with the camo tee. Flames. Yea they bugged out with the prices too much stuff going on to cop right now Undefeated stuff on Pondon. I still cant pull the trigger on that camo tee. \$179 with shipping is just too expensive for just a t-shirt. So i like the women's pink hoodie? Appreciate the help in advance I don't think it'll fit you Damn. I figured haha. Thanks alp. That pink doesn't look that feminine in pictures. Well, have to pass anyway. Damn. I figured haha. Thanks alp. That pink doesn't look that feminine in pictures. Well, have to pass anyway. No problem dude, Japanese women are tiny No pit stains here ^Awesome cop man. Beautiful tees. Thread's moving slow lately. Seems no one copped that undefeated collab that much Need that color camo hoodie dropping this Saturday. Most likely an L. Haven't copped anything shark related stuff, those almost always just flew I'm 5'10 170 pounds, debating between a L and XL hoodie. What do you guys think is best? I don't want the hoodie that tight
